Art Unit: 1711

1. Claim 12 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 12 depends from a cancelled claim.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 9, 12, 16, and 18 are rejected under 35 U.S.C. 102(b) as being anticipated by CA 2,269,412.

CA 2,269,412 discloses a UV-curable aqueous coating composition and its use as a coating for substrates, wherein the composition comprises an organic polyisocyanate, a UV initiator, and an active hydrogen-containing compound. See abstract and page 3, lines 17-25. Applicants' claimed index ratio is disclosed at page 4, lines 16-19, and the reference discloses that the active hydrogen compounds may be hydroxyl functional at page 7, lines 22-25. Though claim 12 depends from cancelled claim 7, it is logical to conclude from applicants' amendments to claims 8, 9, and 16 that applicants intended claim 12 to depend from claim 18.

4. The prior art rejection set forth within paragraphs 3-6 of the Office action of May 19, 2004 has been withdrawn in view of applicants' arguments. Accordingly, claims 1-6, 8, 10, 11, and 13-15 are allowable over the prior art of record.

Art Unit: 1711

5. Claim 8 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Any inquiry concerning this communication should be directed to R. Sergent at telephone number (571) 272-1079.
